SUBJECT INDEX TO VOLUME 37

(CPC) = Clinocopathologic Conference; (E) = Editorial

- Acanthocytosis, macular atrophy and demyelinating central nervous system disease, 821
- Acetyl strophanthidin therapy, effect on cardiac dynamics, oxygen consumption and efficiency in the isolated heart, 3
- Acetylcholinesterase activity in paroxysmal nocturnal hemoglobinuria, 130
- Acrocyanosis in rheumatoid arthritis (CPC), 294
- Adenopathy, hilar, in diabetic with adrenal mass (CPC), 105
- Adrenal mass in diabetic with hilar adenopathy, splenomegaly and osteoporosis (CPC), 105
- Adrenocortical neoplasms, feminizing syndrome in male subjects with, 455
- Alcoholic patients, hypomagnesemia in, 802
- Alcoholism, electrolyte disturbances in, 802
- Aldosterone response, in postural hypotension, 147
- Alkalosis, hypokalemic, role of chloride in, 778
- Allopurinol in gout, 885
- Alveolar-capillary block syndrome in lymphocytic leukemia, 445
- Amyloidosis
 - see Paramyloidosis
- Analbuminemia, serum protein and lipid metabolism in, 960
- Anemia
 - acute hemolytic, 92
 - and Goodpasture's syndrome, 424
 - and hemoglobinuria, 92
 - aplastic, paroxysmal nocturnal hemoglobinuria presenting as, 130
 - hemolytic
 - Heinz bodies in, 92
 - spherocytosis in, 92
 - iron deficiency, diagnosis of, 62
 - megaloblastic, and diverticulosis, 473
 - sickle cell and cholestasis, 829
- Aneurysm, dissecting, of aorta (CPC), 949
- Angiocardiographic study of atrial stroke volume and work, 36
- Angiography, selective celiac, 417
- Angiomatosis, systemic cystic, 976
- Antiarrhythmic agent, quinidine as an, 685
- Antibiotic therapy in Whipple's disease, 481
- Aorta
 - ascending, panarteritis with dilatation of (CPC), 949
 - dissecting aneurysm of (CPC), 949
- Aortic insufficiency with progressive cardiac failure (CPC), 949
- Arrhythmias
 - cardiac
 - physiological basis of, 670
- Arrhythmias
 - cardiac
 - symposium on, 665-777
 - role in myocardial infarction, 915
 - supraventricular, hemodynamic effects of, 712
- Arterial blood gas tensions, effects on syncope induced by Valsalva maneuver, 263
- Arthritis, rheumatoid, acute terminal episode in patient with (CPC), 294
- Atrial fibrillation, 728
- Atrial function, left, 36
- Atrial stroke volume and work, angiocardiographic study of, 36
- Atrial systole, hemodynamic significance of, 665
- Atrioventricular block, anatomic basis for, 742
- Atrium, left, reservoir function during ventricular systole, 36
- Atrophy, macular, demyelinating central nervous system disease and acanthocytosis, 821
- Autoimmune diseases, thioguanine in treatment of, 195
- Bacillus-like bodies in Whipple's disease, disappearance after antibiotic therapy, 481
- Bassen-Kornzweig syndrome, 821
- Bence Jones proteinemia, 206
- Bismuth nephrotoxicity, 969
- Blood
 - pressure, effects of syncope induced by Valsalva maneuver on, 263
 - volume in postural hypotension, 147
- Blue diaper syndrome, new familial disease with definition of metabolic abnormality, 928
- Ca⁴⁵ studies in myositis ossificans progressiva, 269
- Calcification in articular cartilage associated with primary hyperparathyroidism, 813
- Calcium
 - absorption in osteoporosis, 223
 - radioactive studies in myositis ossificans progressiva, 269
- Caplan's syndrome, clinicopathologic study, 643
- Carbon dioxide inhalation
 - in dyspnea, 374
 - ventilatory response to, 386
- Cardiac
 - see also Heart
- Cardiac arrhythmias
 - see Arrhythmias, cardiac
- Cardiac dynamics, effect of acetyl strophanthidin therapy on, 3
- Cardiac efficiency in isolated heart preparation, 3
- Cardiac failure, progressive, with aortic insufficiency (CPC), 949

Subject Index

- Cardiac involvement in diabetes mellitus (CPC), 105
- Cardiac pacemakers, indications for and results of implanting, 764
- Cardiovascular performance and isoproterenol, 514
- Cartilage, articular, osteosclerosis and calcification in, associated with primary hyperparathyroidism, 813
- Catecholamines, role in regulation of cardiovascular performance, 514
- Catheterization, retrograde aortic, in aortic insufficiency with progressive cardiac failure (CPC), 949
- Celiac angiography, selective, 417
- Cellular considerations relating to quinidine as anti-arrhythmic agent, 685
- Central nervous system disease, demyelinating, and acanthocytosis, 821
- Chloride, role in hypokalemic alkalosis, 778
- Cholestasis in sickle cell anemia, 829
- Circulatory alterations in cirrhosis of liver, 526
- Cirrhosis of liver
 - circulatory alterations in, 526
 - Gaucher's disease masquerading as, 156
- Clinicopathologic Conferences
 - Acute terminal episode with fever, nausea, vomiting, diarrhea and acrocyanosis in patient with rheumatoid arthritis, 294
 - Findings suggestive of pulmonary alveolar-capillary block syndrome in patient with chronic lymphocytic leukemia, 445
 - Hilar adenopathy, splenomegaly and osteoporosis in a diabetic woman with an adrenal mass, 105
 - Rapidly developing aortic insufficiency with progressive cardiac failure, retrograde aortic catheterization and pericardial tamponade, 949
 - Sjögren's syndrome, 578
- Cochlear defect and inadequate formation of iodothyronines, 630
- Colitis, acute ulcerative, in Sjögren's syndrome (CPC), 578
- Congenital tubular dysplasia, renal diabetes as, 44
- Coronary artery, anomalous left, experiment of nature (E), 159
- Cushing's syndrome, o-p'DDD therapy in, 235
- D**eafness, congenital, and goiter, 630
- Defect, ventricular septal, survival in adult life, 23
- Diabetes
 - adrenal mass, hilar adenopathy, splenomegaly and osteoporosis in (CPC), 105
 - and steatorrhea, 118
 - mellitus with severe arteriosclerosis (CPC), 105
 - renal, as congenital tubular dysplasia, 44
- Diabetic neuropathy, diarrhea and steatorrhea, 118
- Diabetic steatorrhea, a distinct entity, 118
- Diarrhea
 - and diabetic neuropathy, 118
 - fever, nausea, vomiting and acrocyanosis in patient with rheumatoid arthritis (CPC), 294
- Digoxin excretion in renal failure, 536
- di Guglielmo's syndrome, clinical study of, 162
- Diuresis, massive, after relief of obstructive uropathy, 320
- Diverticulosis of small intestine and megaloblastic anemia, 473
- Drug therapy, implications of enzyme induction for (E), 327
- Dysplasia, congenital tubular, renal diabetes as, 44
- Dyspnea, respiratory stimuli in, 374
- E**ditorials
 - Anomalous left coronary artery, an experiment of nature, 159
 - Implications of enzyme induction for drug therapy, 327
 - Medical care research and the University Hospital, 1
 - Newer approaches to the study of obesity, 495
 - Significance of renal clearance of uric acid in normal and gouty man, 833
- Electrical stimulation of heart, 700, 754
- Electrocardiographic monitoring in myocardial infarction, 915
- Electroencephalogram in assessment of syncope induced by Valsalva maneuver, 263
- Electrolyte disturbances in alcoholism, 802
- Electron microscopy in adult Niemann-Pick disease, 987
- Enzyme
 - defect in xanthinuria, 839
 - induction, implications of, for drug therapy (E), 327
- Epidermal necrolysis (Lyell), toxic, 140
- Erythremic myelosis
 - see di Guglielmo's syndrome
- Erythroleukemia, clinical study of, 162
- Essential familial hypercholesterolemia, 402
- Ethamivan and dyspnea, 374
- Exercise and dyspnea, 374
- F**actor VII
 - congenital deficiency of, 71, 182
 - hereditary, clinical and family study of, 172
- Farmer's lung, clinical, pathologic and immunologic study of, 392
- Feminizing adrenocortical neoplasms, 455
- Fever, nausea, vomiting, diarrhea and acrocyanosis in rheumatoid arthritis (CPC), 294
- Fibrillation, atrial, management of, 728
- Fistula, renal arteriovenous, reversible cause of hypertension and heart failure, 499
- G**astrointestinal abnormalities in infectious hepatitis, 789
- Gaucher's disease masquerading as cirrhosis of liver, 156
- Glomerulonephritis, focal, in Goodpasture's syndrome, 424
- Glycolipidosis, visceral histiocytic, new form with mental retardation, 623
- Glucose concentration, effects on syncope induced by Valsalva maneuver, 263
- Goiter and congenital deafness, 630

Subject Index

- Goodpasture's syndrome, clinicopathologic entity, 424
- Gout
 and hyperuricemia, observations on natural history of, 862
 effect of allopurinol on serum and urinary uric acid in, 885
 renal clearance of uric acid in (E), 833
- Granulomatosis
 see Wegener's granulomatosis
- H**Heart
 see also Cardiac
 anomalous left coronary artery, 159
 angiocardiographic study of atrial stroke volume and work, 36
 block
 complete, technics and instruments for management of, 754
 surgical, 749
 electrical stimulation of, 700, 754
 failure and renal arteriovenous fistula, 499
 isolated, effect of acetyl strophanthidin therapy on, 3
 rate and ventricular performance after electrical stimulation, 700
- Heavy chain disease
 clinical and immunochemical studies of, 351
 new disorder of serum γ -globulins, 332
- Heinz bodies in acute hemolytic anemia, 92
- Hemangiomas, diffuse skeletal, 545
- Hematologic abnormalities in infectious hepatitis, 789
- Hemodynamic effects of supraventricular arrhythmias, 712
- Hemodynamic significance of atrial systole, 665
- Hemoglobinuria
 and acute hemolytic anemia, 92
 paroxysmal nocturnal
 classification and management, 899
 deficient leukocyte acetylcholinesterase activity in, 130
 presenting as aplastic anemia in a child, 130
 syndrome, sickle cell paroxysmal nocturnal, 659
- Hemolytic anemia
 see Anemia, hemolytic
- Hemoptysis in Goodpasture's syndrome, 424
- Heparin
 clearing activity associated with transient hyperlipemia following myocardial infarction, 592
 routes of administration, 408
- Hepatic cirrhosis, circulatory alterations in, 526
- Hepatitis, infectious, abnormalities in, 789
- Hereditary proconvertin deficiency
 see Factor VII deficiency
- Proconvertin deficiency
- Histochemistry in adult Niemann-Pick disease, 987
- Hypercalcemia, familial, with nephrocalcinosis and indicanuria, 928
- Hypercholesterolemia, essential familial, inheritance of, 402
- Hyperlipemia, transient, following myocardial infarction, 592
- Hyperparathyroidism, primary, with osteosclerosis and calcification in articular cartilage, 813
- Hypertension, renal arteriovenous fistula reversible cause of, 499
- Hyperuricemia
 and gout, observations on natural history of, 862
 of leukemia, uric acid excretion and renal function in, 872
- Hypoconvertinemia, 71
- Hypomagnesemia, significance in alcoholic patients, 802
- Hypotension, postural, salt wasting in, 147
- I**mmunoglobulin deficiency, qualitative and quantitative, 602
- Immunologic diseases, thioguanine in treatment of, 195
- Indicanuria, nephrocalcinosis and familial hypercalcemia, 928
- Infarction, myocardial
 disturbances of rate, rhythm and conduction in, 915
 followed by transient hyperlipemia, 592
- Infection, urinary tract
 see Urinary tract infection
- Infectious hepatitis, abnormalities in, 789
- Intestinal absorption in diverticulosis of small intestine and megaloblastic anemia before and after tetracycline therapy, 473
- Intestinal lymph, factors governing flow, 610
- Intestinal microflora and absorption in diverticulosis of small intestine and megaloblastic anemia before and after tetracycline therapy, 473
- Intestine, small, diverticulosis of, 473
- Iodothyronines, inadequate formation of, and cochlear defect, 630
- Iron deficiency anemia
 see Anemia, iron deficiency
- Islet cell tumor with peptic ulcer, 564
- Isoproterenol and cardiovascular performance, 514
- K**idney
 see also Renal
 nephrocalcinosis of, 928
- Kornzweig
 see Bassen-Kornzweig syndrome
- L**eukemia
 see also di Guglielmo's syndrome
 Erythroleukemia
 chronic lymphocytic, and pulmonary alveolar-capillary block syndrome (CPC), 445
- Leukocyte acetylcholinesterase activity in paroxysmal nocturnal hemoglobinuria, 130
- Lipid histochemistry in adult Niemann-Pick disease, 987
- Lipid metabolism in analbuminemia, 960
- Lipoid ovarian tumor and testosterone production, 638
- Lipids, stress hyperlipemia, 592
- Liver cirrhosis
 Gaucher's disease masquerading as, 156
 general and regional circulatory alterations in, 526

Subject Index

- Lyell's disease, toxic epidermal necrolysis, 140
 Lymphedema, unilateral chylous, and xanthomatosis, 610

M
 Magnesium, low blood levels in alcoholic patients, 802
 Medical care research and the University hospital (E), 1
 Megaloblastic anemia
 see Anemia, megaloblastic
 Mental retardation and visceral histiocytic glycolipidosis, 623
 Metabolic balance studies in myositis ossificans progressiva, 269
 Metabolic considerations relating to action of quinidine as antiarrhythmic agent, 685
 Methemalbuminemia in acute hemolytic anemia, 92
 Mikulicz-Sjögren's disease (CPC), 578
 Mineral balance studies in myositis ossificans progressiva, 269
 Myeloma, multiple
 and Bence Jones proteins, 206
 with paramyloidosis presenting as rheumatoid disease, 653
 Myocardial infarction
 see Infarction, myocardial
 Myositis ossificans progressiva, 269

N
 Natruresis following relief of urinary tract obstruction, 320
 Nausea, fever, vomiting, diarrhea and acrocyanosis in patient with rheumatoid arthritis (CPC), 294
 Necrolysis (Lyell), toxic epidermal, 140
 Neoplasms, adrenocortical, feminizing syndrome in male subjects with, 455
 Nephrocalcinosis, indicanuria and familial hypercalcemia, 928
 Niemann-Pick disease, adult, lipid histochemistry and electron microscopy in, 987

O
 Obesity
 newer approaches to study of (E), 495
 with Cushingoid changes, o-p'DDD therapy in, 235
 Obstruction, urinary tract
 see Urinary tract obstruction
 O-p'DDD therapy in Cushing's syndrome and in obesity with Cushingoid changes, 235
 Osteoporosis
 calcium absorption in, 223
 in diabetic with adrenal mass (CPC), 105
 postmenopausal, impaired calcium absorption in, 223
 Osteosclerosis in articular cartilage associated with primary hyperparathyroidism, 813
 Ovary, lipid tumor of, 638
 Oxygen consumption and efficiency, effect of acetyl strophanthidin therapy on, 3

P
 Pacemakers, cardiac
 see Cardiac pacemakers

 Panaortitis with dilatation of ascending aorta (CPC), 949
 Pancytopenia in Gaucher's disease, 156
 Paramyloidosis presenting as rheumatoid disease, 653
 Paroxysmal nocturnal hemoglobinuria
 see Hemoglobinuria, paroxysmal nocturnal
 Peptic ulcer with islet cell tumor, 564
 Pericardial tamponade in aortic insufficiency with progressive cardiac failure (CPC), 949
 Pheochromocytoma and xanthinuria, 839
 Polyuria, massive, and natruresis following relief of urinary tract obstruction, 320
 Postural hypotension
 see Hypotension, postural
 Potassium
 loss, reversible renal, with urinary tract infection, 305
 repletion in hypokalemic alkalosis, 778
 Proconvertin (factor VII) deficiency, hereditary, clinical and family study of, 172
 Protein
 abnormal, in heavy chain disease, 332, 351
 metabolism in analbuminemia, 960
 Pulmonary alveolar-capillary block syndrome in chronic lymphocytic leukemia (CPC), 445
 Pulmonary disability, clinical and laboratory method of determining degree with proposed classification, 251
 Pulmonary infiltration in Goodpasture's syndrome, 424

Q
 Quinidine as an antiarrhythmic agent, 685

R
 Radioactive calcium studies in myositis ossificans progressiva, 269
 Renal abnormalities in infectious hepatitis, 789
 Renal arteriovenous fistula, reversible cause of hypertension and heart failure, 499
 Renal artery stenosis in normotensive and hypertensive patients, 14
 Renal clearance of uric acid in normal and gouty man (E), 833
 Renal diabetes as congenital tubular dysplasia, 44
 Renal failure, excretion of tritiated digoxin in, 536
 Renal function
 in bismuth poisoning, 969
 in hyperuricemia of leukemia, 872
 Renal potassium loss, reversible, with urinary tract infection, 305
 Rheumatoid arthritis
 see Arthritis, rheumatoid
 Rheumatoid disease, paramyloidosis presenting as, 653
 Respiratory stimulants
 dyspnea induced by combinations of, 374
 effect on ventilatory response to carbon dioxide inhalation, 386

S
 Salt depletion in postural hypotension, 147
 Scalded skin syndrome, 140
 Septal defect, ventricular, survival in adult life, 23

Subject Index

- Serum
 - acid phosphatase level in Gaucher's disease, 156
 - protein and lipid metabolism in analbuminemia, 960
- Sickle cell anemia
 - see Anemia, sickle cell
